THE
INFINITY
FUND

The Corey C. Griffin Foundation supports high-impact educational, healthcare and mentorship programs for youth, serving over 10,000 kids annually.

WE WANT EVERY CHILD TO THRIVE

Now, through The Infinity Fund, we're launching a campaign to raise \$50 million, which will enable us to scale our impact even more. This campaign is about building something lasting. A community where every young person has the chance to rise. Corey believed in a future where all children can see a wider world, imagine their place in it, and achieve their goals. This is why we refer to the children we support as "Corey's Kids." And this is why we refer to investments in our Foundation as "Precious Gifts."

OUR INVESTMENT IS NEVER PASSIVE

We create lasting change through what we call, "experiential philanthropy". We're a hands-on organization. Our support revolves around active participation with the kids and their support system. And 100% of the proceeds go directly to places of need, through our initiatives and our 11 program partners. Together, we are driven by a belief that opportunity should be a promise, not a privilege.

WE'RE HERE TO STAY. SO IS OUR IMPACT.

91%

of our supporters are very confident we are set up to deliver lasting impact for generations to come.

86%

of our supporters believe we are very effective at showing the impact investments/donations make with kids.

“THIS WORK IS DIFFERENT. IT'S DRIVEN BY LOVE. AND IT'S ROOTED IN A BELIEF THAT ONE ACT OF CARE, ONE OPEN DOOR, CAN CHANGE A CHILD'S ENTIRE LIFE. WE SHOW UP FOR KIDS IN A WAY THAT IS INTENTIONAL, CONSISTENT, AND HUMAN. THROUGH OUR INITIATIVES, WE PARTNER WITH ORGANIZATIONS THAT ARE ON THE GROUND EVERY DAY DOING THE HARD, MEANINGFUL WORK. AND THROUGH IT ALL, COREY'S PRESENCE IS FELT—HIS JOY, HIS GENEROSITY AND HIS BELIEF IN OTHERS.”

COREY'S SCHOLARS IS TRANSFORMING LIVES

The Corey's Scholars Program is a transformative initiative we designed to uplift extraordinary yet low income students. We take a holistic approach, combining financial, educational, and personal-development resources to help kids succeed in high school, postsecondary school, and into the workforce. Gap funding for students' education is a key component, but equally important is gap funding for underpaid teachers.

THE NEXT GENERATION OF GENEROSITY

Our Emerging Leaders Council (ELC) consists of more than 80 young, Boston-area professionals who are shaping the future of philanthropy. Members dedicate two years to service, including mentoring young people, volunteering with our program partners, and driving leadership initiatives. The passion and commitment of the ELC is unique and powerful. It ensures our impact will continue for generations to come.
